## 2007 Nashwauk Shiraz

**Region:** McLaren Vale, SA

**Winemaker:** Reid Bosward

**Style:** Dark, layered, firm

**Notes:** Expectations of producing a good drop on your second release is tough, especially when the first release is received so well. Luckily Nashwauk came through with the goods. The '07 Shiraz shows dense layered fruit of plums and blackberries with earthy tones and spice and touch of sweet chocolate cake, finishing with firm tannins driving it all home.

The puzzle of...  
biodynamically grown and made; in essence it is as nature intended it, so it makes you feel a little better on the inside too.

## 2006 Kaesler 'The Bogan' Shiraz

**Region:** Barossa Valley, SA

**Winemaker:** Reid Bosward

**Style:** Powerful, rich, round

**Notes:** 'Blockbuster' is a term coined quite frequently in the movie business but surely if there was a wine that can epitomise this saying it is Kaesler's 'Bogan'. The Bogan is seamless integration of the synergy between great old vine Barossa Shiraz and good quality American oak. Without being too offensive the often ostracized American oak is well balanced - so don't panic. Also seen here is lovely spice and rich chocolate flavours combining with the full bodied cassis like fruit. One for the cellar indeed.
